Correction to previous correspondence

Hi all,

Dhevan just asked me to correct something that I got wrong in my previous email. For the record – Dhevan was not the Assistant Station Commander at Umbilo as I stated previously – he was part of the task team that assisted the previous Station Commander in establishing the CIMAC division in this precinct and obviously had some exposure to the crime situation in the Umbilo area as a result. Apologies for the misunderstanding on my side.

Have a good day.

Kind regards,
